Profile

Graduated from the Hong Kong Design Institute with passions in UI/UX design, I dedicated to developing my career in the industry.

Over the 5 years of solid experience on the website, mobile app, and system interface designs, I work closely with developers and clients to maintain high-quality works on different aspects, including web-based applications, eCommerce websites, payment dashboards, and mobile apps.

With his positive learning attitude, supportive assistant, and adaptability in this fast-changing tech-based design industry, he successfully earned the trust and satisfaction from colleagues and different clients.

Experience

EGUSI

Assistant Design Manager Jan 2019 – Sep 2020

- Design UI/UX for Website, Mobile Apps, and Web-bases systems
